

## Janine Goodall

I have been a member of the Okanagan Mission Tennis Club for 24 years and have participated in many of the leagues, socials and tournaments that have occurred here. For ten years I was the tennis coach/teacher sponsor for the OKM tennis team. As a result I coordinated a bursary through OMCHA for a tennis player who is seeking post secondary education. It is important to encourage our youth with athletic opportunities and to reward them for their dedication. I am proud to see the wonderful tennis camps that we offer to help inspire our young players.

At the tennis club I have organized the ladies nights on Tuesdays as well as the Monday morning seniors drop-in, and currently I am the organizer for the Saturday morning drop-in. These are all great leagues that I have been happy to volunteer with.

The Okanagan Mission Community Hall Association has flourished over the years hosting many dances, weddings and craft fairs. This would not have happened without the help of the Lions Club, the tennis club and an amazing administrator to coordinate all of these events.

I am proud to be associated with OMCHA and my "pay it forward" was to design and plant the flower gardens that surround the hall. The tennis courts have been my happy place for the past 24 years. As a recent retiree I feel that it is important to give back to the community. As a retired high school teacher I have valuable experience in problem solving in a constructive, collaborative, and meaningful way. I am ready and prepared to work with this association as we continue to move forward in a positive direction.
