

Leslie Wiesner

I have a business degree and work with the Kelowna General Hospital Foundation. My background is in Human Resources, Personal and Volunteer Coordination.

I joined the OMCHA Board and the Tennis Committee four years ago because I wanted to give back to the Community and to a sport that I have enjoyed since I was a kid.

Having recently served on the OMCHA Board for one year, I have come to understand the relationship between the Board and Tennis Committee and the importance of working together as one. There is a tremendous amount of administrative work involved in running our programs so in addition to my board position I offered to step forward and assist with tournaments.

Working with volunteers in both my private and professional life has been very rewarding and I am proud to be a part of our great organization which continues to positively impact our community.
