

Marni Richardson

I have been on the OK Mission Tennis Committee since 2011 (with a year away in Australia) and a member of the Tennis Club since 2008. I also served on the Okanagan Mission Community Hall Association board in 2011/2012.

As I feel it is important to provide children with opportunities for sport and to learn new skills, I've been involved in our kids tennis lesson and camps program for the past 5 years. In addition I have helped with the scheduling and running of our Club tournaments and championships for the past 2 years. I have also been organizing and co-organizing Tuesday Ladies Night since 2010.

As a teacher in Kelowna, I have volunteered for School District 23 spending many hours and weekends organizing school and district wide events and coaching a multitude of team sports. I have also volunteered in the community coaching various sports and leading groups with Girl Guides.

I am proud to be a volunteer and see the importance of having a family-oriented Tennis Club as well as a thriving Community Hall which hosts many important community programs and events each year. I especially appreciate the efforts of our Association Manager, my fellow volunteers on the tennis committee who have given tirelessly to the tennis club and the Lions Club who continue to give back to our Association year after year.
